

Digital 20/20 CMALT Initiative

ALT is delighted to promote a new CMALT initiative funded by Digital 20/20.

CMALT is Certified Membership of the Association for Learning Technology, a national, cross-sector certification scheme run by ALT since 2005. Registering for CMALT involves the creation and peer assessment of a portfolio of evidence against a set of core and specialist options defined as central to the role of someone with learning technology as part of their professional role.

About the Digital 20/20 Initiative

Digital 20/20 sees it as a priority to support development of the learning technology profession in Yorkshire and Humberside. For this reason, for a limited period only, Digital 20/20 is supporting CMALT through this initiative.

As part of the initiative eligible candidates are entitled to register for CMALT on payment of Certification Fee of £47.50, reduced from its usual £95.00. Up to 150 CMALT registrations can be funded under this initiative, with places allocated on a first come first served basis.

Who is eligible?

Any individual working in the education sector in Yorkshire and Humberside (including Adult & Community Learning and Work Based Learning) is eligible to register for CMALT under this initiative. You are not required to be an individual member of ALT prior to registering for CMALT nor to be working for an ALT member organisation. If you are a member your benefits and entitlements remain unaffected by registering for this scheme.

How to register

Before registering for CMALT you are encouraged to consult the guidelines for candidates and the CMALT prospectus available from the CMALT website <http://www.alt.ac.uk/cmalt>.

You or your employer should then complete the relevant registration form which is available at http://www.alt.ac.uk/docs/cmalt_digital2020_register_2009.pdf and return it together with payment of the certification fee of £47.50 per candidate to ALT, or a purchase order for the same amount. The certification fee covers the cost of registration, portfolio submission, certification, support and guidance as well as a range of ALT membership benefits designed to help candidates get the most out of this development opportunity.

Support for candidates

Candidates will have a range of support available to them including guidance on portfolio building and submission, documentation and submission templates, workshops and webinars, peer support and online networking. Candidates will join a community of other CMALT candidates and CMALT holders, supported by ALT staff and the Certification Manager, with whom they can share ideas and experiences or reflect upon their own development.

Candidates who register for CMALT under this initiative are expected to submit their portfolio within 6 months.

For further information please e-mail cmalt@alt.ac.uk or call ALT on 01865 484125. For more information on Digital 20/20, please visit the website at <http://www.digital2020.org.uk/skills>.
